PRELIMINARY AMENDMENT

Sir:

Prior to examination on the merits, entry of the following Preliminary  
Amendment is respectfully requested:

IN THE CLAIMS

Please ADD the following claims:

--24. A system for displaying moving images, comprising:

a first object defined by a rigid surface, said surface having a first opening therein,  
said first object having a first compartment and a second compartment in its interior, such that  
the second compartment is hollow and is accessible from said first opening;

a display unit for displaying the moving images from said surface, said display  
unit comprising an image generation means and an image display means, said image generation

cont

25. The system of claim 24, further comprising a power means for supplying electric power to said display unit.

26. The system of claim 25, wherein said power means is housed in said second compartment.

27. The system of claim 25, wherein said surface has a second opening therein, such that the second compartment is accessible from said second opening.

28. The system of claim 27, wherein said display unit has a second image display means, said second image display means attached from said second opening so that the moving images appear to be displayed from said surface.

29. The system of claim 28, wherein said first opening is substantially diametrically opposite to said second opening.

30. The system of claim 29, wherein said power means is a source for supplying direct current (DC).

*Q1*  
*Amal*  
31. The system of claim 30, wherein said power means is removable from said second opening.

32. The system of claim 29, wherein said second opening is significantly smaller than said first opening, such that a pin may be inserted through said second opening to push the display unit out of said second compartment through said first opening.

33. The system of claim 25, wherein said display unit is securely attached within said second compartment.

34. The system of claim 25, wherein said first object is a compact disc (CD) player.--

---

**REMARKS**

New claims 24-34 have been added. Support for the new claims is found in the original specification. No new matter has been added.
